Description

The 308 GT4 is the precursor to every mid-engine V8 Ferrari up to the current 458 Italia. Bertone's bold, angular car was the successor to Pininfarina's svelte 246 Dino, and with a transverse-mounted engine, the design allowed for a 2+2 seating layout. This example is finished in its original colour of Giallo Fly, with Nero hide and carpets. The car features electric windows, air conditioning and a rare rear seat conversion. This car will be sold fully serviced and with a new MOT certificate.
